Glen Missner
The Missner Group
5520 W. Touhy Avenue
Skokie, IL 60077

Dear Mr. Missner:

With the recent grand opening of our new Bottled Blonde location in Chicago's River North neighborhood, I wanted to take this opportunity to thank The Missner Group for making our first expansion outside of our home state of Arizona a reality. The restaurant has successfully opened to substantial acclaim and is fast-becoming a mainstay in the River North restaurant and bar scene.

We are beyond pleased with our new space and appreciative for Aldo Bottalla's assistance in the site selection process. He helped us source the perfect location for our expansion, and your construction team, led by Robert Papineau, transformed the vacant shell with efficiency and a superior attention to detail. From the construction and installation of dramatic 14-foot overhead doors at the front entry, to the bottle-lined feature wall, LED lighting, fireplace, patio and state-of-the-art sound systems, your team's skills and knowledge were evident.

The Missner Group principals and executives were always available to us and expertly walked us through the real estate and construction process. Everyone demonstrated professionalism and a commitment to quality that is commendable. We take pride in our brand and the new Chicago location is an exquisite representation of Bottled Blonde. Based on this project, I would personally recommend your team to others and gladly work with The Missner Group again.

Sincerely,

Les Corieri
Managing Member
