Drue,

I am sending you this letter to thank you for the great job done with the Illinois Bone and Joint MRI Project on Rand Rd. in Des Plaines. I appreciate the time spent with myself and siteplanning to make sure delivery and install were made on time. It is this type of coordination and cooperation that makes these projects go seamlessly and without delays. I know Thomas Nagelli-Director of MRI Services for Illinois Bone and Joint would concur with my thoughts above as well.

Regards,
