**THE MISSNER GROUP SELECTED AS GENERAL CONTRACTOR  
FOR WAREHOUSE EXPANSION IN BUFFALO GROVE**

(Joliet, Illinois) – The Missner Group is pleased to announce that the firm has been selected as the general contractor for a new 22,180 square foot addition to the MNJ Technologies Direct headquarters and warehouse facility located at 1025 E. Busch Parkway in Buffalo Grove, Illinois.

MNJ Technologies Direct is a direct provider of business grade computer hardware and software technology products. The existing 26,602 square foot building will be expanded for additional warehouse space to accommodate the firm's growing inventory. Attached to the southern end of the property, the new structure will consist of load bearing precast wall panels with interior steel columns, beams, bar joists, and a metal deck. The addition will feature 19' clear ceiling heights, a 22' wide drive-in dock with a carbon dioxide exhaust system, a sprinkler system and gas unit heaters. The new construction also includes a new office area and restroom facilities.

The Missner Group's Jess Knigge is the senior project manager and Jim Boge is the project engineer. Sara E. F. Gensburg is providing architectural services. The project is scheduled for completion in spring of 2009.

The Missner Group, headquartered in Skokie, Illinois, provides comprehensive and integrated real estate development and construction services throughout the Chicagoland and Midwestern markets. The firm, established in 1945, has completed more than \$800 million in construction projects, and has orchestrated the development of more than five million square feet of commercial and industrial real estate.
